

ICAS® OGS SUPPORT

By investing in our children, we're also investing in our future. This is just one reason why ICAS® is so pleased to have been awarded a coveted Office of General Services (OGS) Contract for the New York State Wiring Services.

The scope of this prestigious commission is technology services provided BY ICAS® for New York State in Nassau County, Suffolk County, and the boroughs of New York City.

The New York State schools and government offices that have contracted ICAS® will reap countless advantages including:

- Elimination of a cumbersome, time consuming bid process
- Easy engagement and a simplified, streamlined service process, resulting in quick turnaround times
- Dramatically improved network infrastructure and support for surveillance cameras, security cabling, and technology repair calls, all at the reduced rates.
- Comprehensive network wiring services
- Highly credentialed technicians and installers boasting numerous certifications

For over 30 years, ICAS® has helped students and educators alike reach their greatest potential by continually improving and advancing their communications technology.

SERVICES PROVIDED

- Complete Network Wiring Infrastructure installations for network systems including, but not limited to: data, security, intrusion and surveillance systems, wireless access points, and infrastructure support services
- Network design, build-out, management, scaling and relocation
- CAT-5, CAT-5e, CAT-6, fiber optic, multi-mode, single mode, and low-voltage installation and service
- Comprehensive testing, certification, documentation and support of all infrastructure and installations
